A Division of RCEOC, a Wisconsin Corporation

Kendall Packaging

BLP recently completed a SBA 504 loan to Kendall Packaging Corporation partnering with M&I, a division of BMO Financial Group. Kendall Packaging, a small business manufacturer of flexible packaging materials, was purchasing a large 10-color Windmoeller & Hoelscher press and was seeking an attractive financing option. This was the 3rd expansion for Kendall in 6 years with the latest expansion expected to create 22 jobs for Jefferson, WI. BLP and M&I were able to put together a beneficial financing structure that paired the SBA 504 program with an Industrial Revenue Bond (IRB).

For more information on this project, please find the following article in the Journal Sentinel:
