## 2010 Lenders Conference on SBA Products and Alternative Financing Options

Is your bank looking to mitigate its risk in today's economy? You may want to consider loan guarantees and participation of direct loans through the US Small Business Administration (SBA) programs or alternative funding sources. Obtain the most recent information on these programs at the 2010 Lenders Conference hosted by the UWSP Small Business Development Center. This conference offers a variety of sessions for commercial lenders with options that include everything from basic SBA program parameters to sessions offering more advanced information such as specific reporting requirements.

Carolyn Engel, Business Finance Manager for Business Lending Partners will be co-presenting at one of the sessions offering information on direct SBA lending, entitled "504 Loan Program – At a Glance." Business Lending Partners has been processing SBA 504 loans since 1985 and offers its services throughout the State of Wisconsin.

Seminar specifics are:

Date: May 20 & 21  
Location: Kalahari resort & Conference Center, Wisconsin Dells
