Business Lending Partners, a Division of RCEDC, Helps Wisconsin Business With Funding

August 30, 2010 - Sturtevant, WI: Recently Business Lending Partners, a division of RCEDC, had the opportunity to partner with M&I Marshall & Ilsley Bank of Brookfield to provide a Small Business Administration (SBA) 504 business loan to HM Product Solutions, Ltd. for the purchase of a new business facility. This company is a third party logistics provider that was seeking a new, larger facility to expand their business. The new facility located in Hartland, WI has helped Rob and Heather Maynor grow their business by allowing more warehouse space to accommodate their customers' needs. This woman-owned business provides its clients with warehouse and distribution, kit assembly, and reverse logistics services, while also performing light printing, manufacturing and media duplication.

Business Lending Partners is a private non-profit, Certified Development Company (CDC). We specialize in processing and servicing Small Business Administration (SBA) 504 loans and other related programs throughout the State of Wisconsin. We are the only CDC headquartered in Southeast Wisconsin and have been in business since 1983. The SBA 504 loan program can assist companies with land, building, or equipment acquisitions as well as construction and associated costs such as title insurance fees, appraisals and environmental reports. Limited refinancing of debt is also available when part of a larger expansion project. This program has low, fixed rates over a term of 10 or 20 years and can partner with any bank. To discuss your next business expansion, call Carolyn Engel, Business Finance Manager, at (262) 898-7420 or for more information, visit our website at www.BusinessLendingPartners.org
